

Marcus Åkerlund

Student

I am a positiv, driven and structured Computer Engineering student at Chalmers University of Technology. Combining my technical studies with a background in finance, I am eager to take on challenges that foster professional growth and provide a strong career foundation. I thrive in collaborative environments but am equally effective at managing independent tasks. My diverse experience has developed my organizational skills and service-oriented mindset, and I excel in high-paced, active work environments.

Work Experience

○ **2025 - Now**

Webshark AB - Stockholm (Distance)

Automationsspecialist / Web Developer

Automation of business processes through the development of digital solutions, flow optimization, and the integration of business systems and cloud services via APIs and webhooks. Strong focus on creative thinking, problem-solving, and time-saving within the organization

○ **2023 - Now**

Mölnadal Energi, Göteborg

Financial Assistant

Primarily focused on Accounts Payable (AP) and Accounts Receivable (AR). Over time, the role expanded to include VAT reporting, process optimization, and the monitoring of electricity and futures trading.

○ **2019, 2022**

Liseberg, Göteborg

Attraction Operator

Responsible for the safe operation of several attractions, with a strong focus on safety protocols, efficiency, and professional customer service.

○ **2020 - 2021**

Ljungviksskolan, Gråbo

Substitute Teacher

Supported teaching staff and led after-school programs. Provided dedicated support for students with special needs, requiring strong communication and adaptability.

○ **2019 - 2020**

Abigo Medical AB, Göteborg

Office Coordinator

Managed front-of-house operations in an international environment, managing office operations, financial administration, and service delivery. A role that demanded high flexibility and a structured, organized mindset.
